PJ Networks provides all the computer and network set-up and maintenance for the Blue Ridge Home Builders Association.

Whether it's installing new equipment or troubleshooting a problem, we know we're going to get a prompt response to our call, and we know that PJ Networks will stick with us until the problem is solved to our satisfaction. In the fast-changing realm of computer software and viruses, PJ Networks always seems on top of the latest "fix" or the most recent update.

What's perhaps even more valuable is the constant advice we get about how to change our system to make it more stable and protected in the future.

In a small office that functions most effectively on prompt access to our members, the stability and reliability of our computer network is our strongest business asset. PJ Networks does a great job of making sure we stay connected.

Jay Willer
Executive Vice President
Blue Ridge Home Builders Association
