Dear Phil,

I am happy to offer my recommendation on the behalf of PJ Networks. You and your team are always punctual, considerate and thorough.

I am very pleased with all the work you have done for us and find your pricing to be extremely fair. The quality of your work and your dedication to correcting all the many small problems that crop up with our computers has taken most of the worry and grief out of installing new systems and software.

You can rest assured that I will recommend you to anyone who needs help any problems with their systems and software.

Best regards,

Steve Metz
